

SCDOT Bridge Repair Project: SC 200 (Monroe Highway) over Camp Creek

PROPOSED DETOUR

PROJECT INFORMATION

Construction Start: Spring 2027
Construction Duration: Approximately 6 months

Detour Length: Approximately 6 miles
Detour Duration: Approximately 180 days

Detour Route for Traffic on SC 200 (Northbound)
Drivers will be directed west to US 521 (Charlotte Highway), then north on US 521 to Shiloh Unity Road, where drivers will return to SC 200 north of the bridge closure.

Detour Route for Traffic on SC 200 (Southbound)
Drivers will follow the same route in reverse, using Shiloh Unity Road to access US 521 and then returning to SC 200 south of the bridge closure.

Local traffic may choose their preferred route.
