PROJECT OVERVIEW

SCDOT proposes bridge repair, rehabilitation, and preservation services for the I-26 eastbound and I-26 westbound bridges over Lake Bowen in Spartanburg County. These repairs are part of SCDOT's Statewide Bridge Repair and Preservation Program, which focuses on maintaining and extending the service life of bridges carrying major transportation routes throughout the state. The I-26 bridges at Lake Bowen serve as an important interstate corridor for residents, businesses, and freight movement. The proposed improvements will preserve the long-term condition of the bridges, enhance their reliability, and help ensure continued mobility for the traveling public.
