PURPOSE OF THIS PUBLIC INFORMATION MEETING

South Carolina Department of Transportation (SCDOT) welcomes you to this Public Information Meeting. The purpose of the Public Information Meeting is to provide you with an opportunity to review and discuss the proposed improvements.

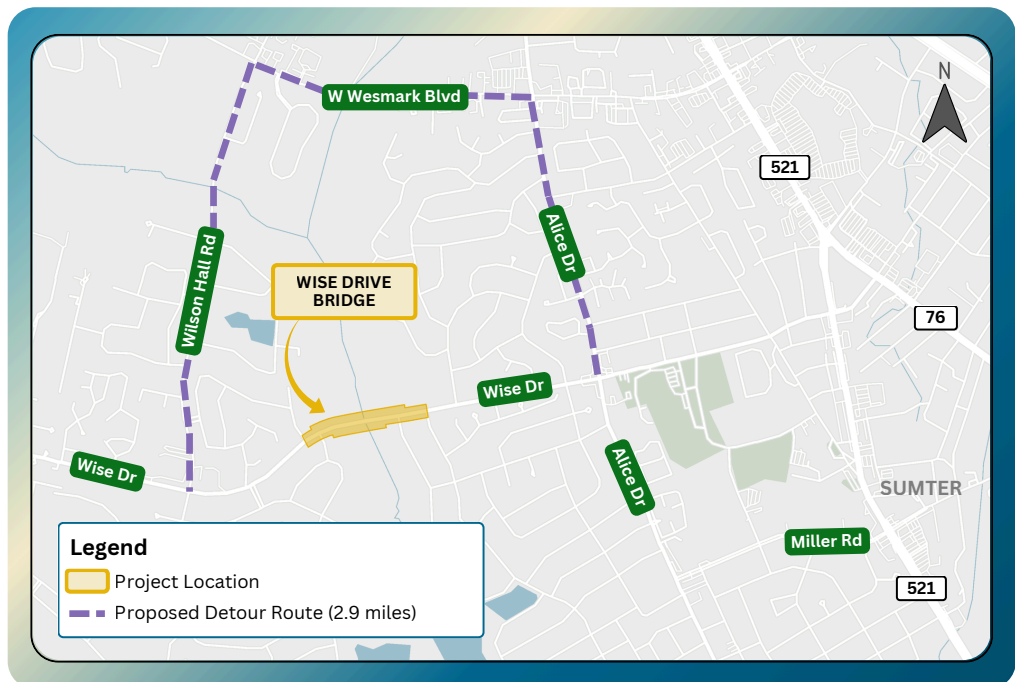

You are encouraged to review the project display boards and discuss your questions or concerns with SCDOT staff or their representatives at this meeting. Your attendance and comments are very important components of the project development process. **You are encouraged to submit written comments on the forms provided by placing them in the comment box.**

PROJECT OVERVIEW

SCDOT proposes to replace the S-43-380 (Wise Drive) bridge over Green Swamp in Sumter County, SC. The project includes replacing the existing bridge and realigning and improving the roadway approaches to meet current design criteria.

Proposed Detour Route

The off-site detour utilizes S-692 (Wilson Hall Road), S-1074 (W Wesmark Blvd) and SC 120 (Alice Drive) and is approximately 2.9 miles. Local traffic may select their preferred route.

DESIGN CONCEPTS

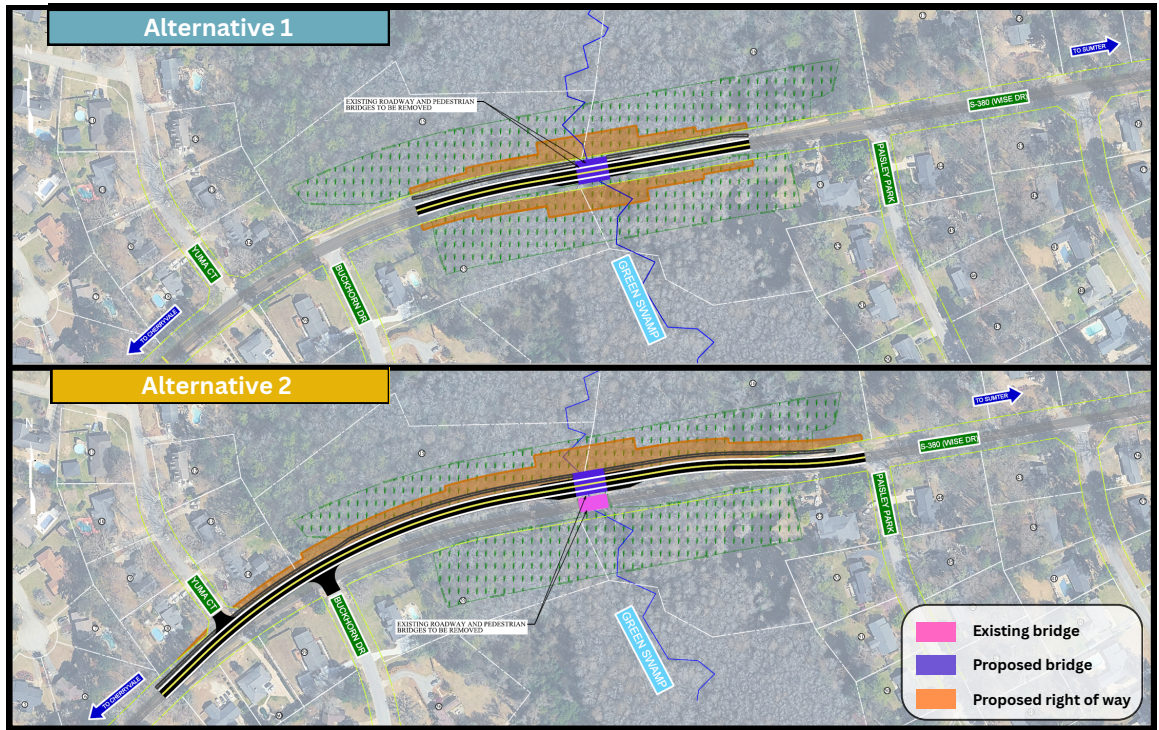

The existing bridge will be replaced with a new structure that will accommodate two 12-foot travel lanes and two 10-foot shoulders. Two alternatives are being considered:

Alternative 1

The new bridge would be constructed on the existing roadway alignment. A signed detour would be implemented to reroute traffic during construction. To minimize impacts to school traffic, the majority of construction would occur during the summer months.

Alternative 2

The new bridge would be constructed on an alignment north of the existing bridge. This alternative would allow traffic to remain on the existing bridge during construction.
