

SC 64 Bridges in Colleton County

WELCOME

SCDOT proposes to replace the three bridges along SC 64 over the Little Salkehatchie River, Tributary to Buckhead Creek, and Buckhead Creek in Colleton County.

THE PURPOSE OF THIS PUBLIC MEETING IS TO:

**Provide an
overview of
the project**

**Share
planning
information**

**Collect
community
feedback**

PROJECT OVERVIEW

The SC 64 bridges over the Little Salkehatchie River, Tributary to Buckhead Creek, and Buckhead Creek were constructed in 1931 and were widened in 1970. They have exceeded their standard design life and no longer meet current seismic standards.

THIS PROJECT WILL:

**Provide new
bridges & roadway
approaches**

**Bring the roadway &
bridges up to current
SCDOT standards**

**Remove vehicle
weight restrictions
for all bridges**
